From the Muz: Comr.,
letter no 2065 of 26-27 dt 30.3.28
Requests that the special grant of Rs 600 for repairs of Belur & Halebid Temples may be continued —
Rs 500 per annum for Sri Chennakesavaswamy Temple at Belur and Rs 100 per annum for Sri Hoysaleswaraswamy temple at Halebid were sanctd. for annual repairs for a period of 3 years from 1926-25. In the Govt: Muz. Fund budget for 1927-28, the above expenditure has been provided for.
2 The Supdg Engr. states that Rs 600 is intended for repairs, while the grant of Rs 2000 is intended for preventive measures against further deterioration and the M C wants the grant to be continued for the above reasons —
3. If preventive measures are undertaken with the help of a permanent establishment costing Rs 1500, with Rs 500 for tools and materials, it is not clear how annual repairs are distinct and separate from the above. One appears to overlap the other & the double provision may perhaps, require further scrutiny before being continued

SIR,

In continuation of this office letter No.C.2065 of 26-27 dated 29th May 1929 in the matter of continuing the grant of Rs.600/- for the annual repairs of Belur and Halebid temples, I have the honor to state that from the enclosures received with the Shimoga circle Superintending Engineer's letter of the 5th July 1929, it is seen that while one watchmen on Rs.12/- per mensem has been sanctioned for Belur and similarly one for Halebid, the cost being met from the sum of Rs.288/- allotted therefor in G.O.No.511-7/Muz.135-23-13 dated 13th October 1924 while the no actually entertained is one for Belur on Rs.12/- per month and 3 for Halebid on Rs.8/- each per month, thus resulting in an extra cost of Rs.144 which has been incurred out of the sum of Rs.600/- provided in the above G.O. for repairs of the Belur and Halebid temples. Though this is irregular, yet there seems to have been a real need for the entertainment of additional watchman and in this circumstance the charge incurred may be kindly sanctioned. As for the future, the entertainment of the additional watchman, as provided in the estimate of the Executive Engineer herein enclosed, may be allowed, the excess cost of Rs.144, being met from the sum of Rs.600/- above referred to and the provision of the balance of Rs.456 out of Rs.600/- may be discontinued in view of the fact that a sufficient annual grant has been separately given for the maintenance and annual repairs of the temples both at Belur and Halebid.

A copy of the Superintending Engineer's letter is also ----- enclosed.
